Review report and financial information  
For the three-month and nine-month periods ended

## **Independent Auditor's Report on Review of Interim Financial Information**

To the Shareholders of TISCO Bank Public Company Limited

I have reviewed the accompanying financial information of TISCO Bank Public Company Limited (the Bank), which comprises the statement of financial position as at 30 September 2025, the related statements of comprehensive income for the three-month and nine-month periods then ended, and the related statements of changes in equity and cash flows for the nine-month period then ended, as well as the condensed notes to the interim financial statements (collectively "the interim financial information"). Management is responsible for the preparation and presentation of this interim financial information in accordance with Thai Accounting Standard 34 Interim Financial Reporting and the Bank of Thailand's regulations. My responsibility is to express a conclusion on this interim financial information based on my review.

### **Scope of Review**

I conducted my review in accordance with Thai Standard on Review Engagements 2410, Review of Interim Financial Information Performed by the Independent Auditor of the Entity. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Thai Standards on Auditing and consequently does not enable me to obtain assurance that I would become aware of all significant matters that might be identified in an audit. Accordingly, I do not express an audit opinion.

### **Conclusion**

Based on my review, nothing has come to my attention that causes me to believe that the accompanying interim financial information is not prepared, in all material respects, in accordance with Thai Accounting Standard 34 Interim Financial Reporting and the Bank of Thailand's regulations.

The above accrued expenses include accrued bonus expenses which are remunerations paid to employees and management based on annual performance. These accrued bonus expenses include costs of annual bonus that are determined with reference to the parent company's share price, paid to employees whose performance impacts the Bank's operating results, as an incentive to work effectively and to build loyalty to the Bank. This vested bonus is continuously set aside for payment five years later. It is paid in cash and partly determined based on the average daily price of the parent company's shares over the period of five years from grant date to settlement date. As of 30 September 2025 and 31 December 2024, the Bank has accrued bonus under this scheme amounting to Baht 119 million and Baht 100 million, respectively, and recognised expenses in profit or loss during the nine-month periods ended 30 September 2025 and 2024 amounting to Baht 28 million and Baht 34 million, respectively.

### **3.13 Capital funds**

The primary objectives of the Bank's capital management are to maintain its ability to continue as a going concern and to maintain capital adequacy ratio in accordance with the regulations of the BOT.

For such loans that are not qualified to the requirements and other loans, the Standardized Approach (SA) is implemented to maintain capital adequacy ratio.

Regarding Capital funds as at 30 September 2025 and 31 December 2024, the Bank has allocated the additional reserve from loan classification as part of regulatory capital funds. Such reserve has been allocated to Tier 1 capital and Tier 2 capital based on methods under the BOT's regulations.

Apart from the above financial assets and liabilities presented at fair value, the Bank has other financial assets and liabilities presented at cost but are subject to disclosure at fair value. However, since the majority of the Bank's financial assets and liabilities are short-term in nature or carrying interest at rates close to the market interest rates, fair value of financial instruments carried at cost is not expected to be materially different from the amounts presented in the statement of financial position, except for the following financial assets and liabilities for which book value is materially different from fair value.
